Term 4 Week 5

Faith Focus

Don't copy the behavior and customs of this world, but let God transform you into a new person by changing the way you think. Romans 12:2

Conforming is so often easy to do. It requires little effort or thought. Just do what everyone around you tells you to do. Just follow the personal opinions of social media Influencers and Content Creators, they must be right, everyone is following them, right? No, personal opinions aren't that special, after all everyone has one.

There may be safety and comfort in following the well-travelled road, even a sense of belonging in being part of the crowd. The problem with following the crowd is only the ones at the front can see the impending cliff drop. Jesus didn't call a crowd; he called twelve close followers. Jesus wasn't there to impress the crowd, he came to transform hearts, minds and ultimately lives, one at a time. Extreme makeovers are quite popular today, houses, businesses, and personal wardrobes. The more extreme the better the program ratings. But Jesus' call for our transformation is to experience a change in our priorities, and our commitments, a change of heart and mind. He is not asking us to run off and be a hermit in the bush, he is asking us to transform where we are in our everyday lives. When my son was young, he had a toy that could change from a robot into an airplane, I always struggled to remember the first move that would begin the transformation. Without this first move nothing happened, it stayed as a robot. The first move to transform our lives into the hope that we were created for has already been done.

Jesus came into the world to transform our everyday lives; God has made the first move. The way we choose to think about ourselves, and others, is the next move. Rather than being focused on the physical, and temporary world around us, we can set our thoughts and heart on why Jesus became one of us.

Why else would Christians celebrate Christmas every year?

Lest We Forget

I had the privilege of accompanying our School Captains, Mia and Austin, to the cenotaph in Mann Street on Monday morning for the Remembrance Day commemoration. They laid a wreath on behalf of our community. The ceremony was a reminder of the ultimate service and sacrifice our armed defence forces have made for our freedom.

Our school value of service says - 'We give generously of our time and talents for others.' Each day we seek to model this to our students and community and instil in them a service heart for others. In our day to day lives there is a degree of sacrifice that will always accompany any of our acts of service. That's the nature of service, it requires us to put others' needs before our own. As we nurture service to our community, with our Kind Words and Kind Actions, we are grateful it doesn't cost us what it did to so many our service personnel.

Lest We Forget the ultimate service and sacrifice of our past and present ADF and their families. so many.

Volunteering at St Mark's

Our students and staff have benefited greatly again this year from the contributions of time, skills and abilities from many volunteers. We thank you greatly for all you have contributed. To be ready for the 2025 school year we will email details of the 3 requirements all volunteers must complete to volunteer in the school environment.

Please note the RRHAN-EC is due for a 3-year

refresher training and all volunteers will need to complete this training before the 31st December 2024 to be eligible for volunteering in 2025.

Year 6 Camp

The Year 6s attended an action packed 2 days at the Murraylands Aquatics Centre for their final primary school camp. The group participated in a variety of water sports including: kneeboarding, skiing, catamaraning, small boat handling, kayaking and stand up paddleboarding. Students overcame challenges for themselves or supported others to by applying their YCDI keys. An exhausted group of students returned late Friday afternoon with grins wider than the Murray River ready for a restful weekend!

Year 6 Camp by Oscar Wright

On Thursday and Friday of week 4, we went to the Murray Lands Aquatics for camp. Our activities were catamarans, knee-boarding, stand up paddle boarding, kayaking, small boat handling, and skiing.

My top three favourite things were

1. Knee-boarding
2. Stand up paddle boarding
3. Skiing which was a bit challenging but fun

Lost Property

We are getting quite the collection of lost property at the front office, especially from some of our recent events. If you think anything may be yours, please come and check the front office. We would love for it all to find its way back to their owners before the end of term!

Swimming

This week, year 1-4 students have been participating in swimming lessons. Students have been learning about water safety, and well as other important water based skills.
